Assignment Sheet Life Science

Well guys,

This is step one in our “Corona Virus On-Line Learning” Unit. This won’t be difficult for JH Science because we’ve been using my website for the entire school year. We will continue using the website and all of the components there of. Hang in there guys, it won’t be long before we are running thru the “hallways” of MVCS once again!

Here we go…

Most of the work will be

1. Watching various screencasts/videos that I’ve ripped into manageable segments
2. TAKING NOTES ON THOSE VIDEOS
3. Writing a persuasive essay on the pros/cons of the ideas within the video.
4. You need to be able to articulate both sides on each of the argument.
5. While watching these videos, we will also stay current on our Greek & Latin roots and CHI verses/definitions

Where to find everything:

1. Most items will have links on your Google Classroom to the specific section on my website or you can navigate to them yourselves
2. Most videos are under the Life Science Home page –
